Symphonia

The Symphonia color palette is based on three main shades: a warm yellow, an off-white and a deep anthracite. This combination offers a modern visual identity, elegant and perfectly suited to light and dark modes. Variations of these colors are used within the application in order to guarantee coherent visual hierarchy and optimal user experience.

Colors

Symphonia

The “S” represents the initial of Symphonia and constitutes the central element of identity visual. Its refined form translates simplicity, elegance and the modernity of the application.

The musical note extends naturally the “S” in order to symbolize the musical universe by Symphonia. She evokes the rhythm, creativity and harmony, while reinforcing the link between the identity of the brand and its vocation.
